The Polar Express

Upper Key Stage 2
Geography

Arctic
A polar region around the North Pole in the Northern Hemisphere.

Biome
A large area of land with a particular climate, type of plants (flora) and animals (fauna).

Flora
Plants that grow in a particular region.

Fauna
Animals that live in a particular region.

Tundra
A treeless area of land in the Arctic where the land is permanently frozen

Latitude
Invisible lines around the Earth parallel to the Equator.

Longitude
Invisibles lines joining the two polar regions.
